

Playball parties are an absolute hit with parents and children alike.

The kids just love the exciting games and sports skills we deliver, leaving them both exhausted and exhilarated, and more importantly, they give your little star a birthday party he or she will never forget!

Each party is designed to suite the age range of the birthday group and all the games and skills are fun-filled and age-appropriate, ensuring both boys and girls will thoroughly enjoy the day.

We would be delighted to tailor these games with the birthday child's favourite theme or character, where possible.

Here's what you can expect from our extremely popular birthday parties →

Each birthday party starts with a mammoth obstacle warm-up!

Then we introduce a multitude of sports skills and drills in between games such as:

- Pirate ship
- Fishy
- Dodgeball
- Tag
- Open gates
- Coconut island
- Snowball mountain
- And many more!!!

Playball will provide fun and games for one hour, as set out above, before the food and the party cake at which point the coaches will hand responsibility of the children back to parents.

Silver
package
